Successor to W. R. Strong Co.

Sacramento, = California.

Wheeler's Print. Sac.

ANNOUNCEMENT.

THE undersigned take great pleasure in saying to the orchardists of California, with whom they have had such pleasant relations for the past twenty years, that they have sold the nursery department to M. N. Williamson, a thoroughly competent and reliable nurseryman, who has had exclusive management of the nursery business of the Company for several years past. He is thoroughly informed on all the requirements of tree planters, and we bespeak for him a continuance of the patronage so liberally bestowed on us in the past.

Respectfully,

W. R. STRONG COMPANY.

Having purchased from W. R. Strong Co. the well known Capital Nursery, I am prepared to fill all orders with first-class stock, at lowest market prices.

Respectfully,

M. N. WILLIAMSON.

TREES AND NURSERY STOCK

TERMS OF SALE.

FIRST—All articles in following list will be furnished at prices named only when the quantities specified are taken.

SECOND—When particular varieties and sizes of trees are ordered, please state whether or not substitution will be allowed, and to what extent, as it often happens with us, as with all nurseries, that we are out of some varieties and sizes, and unless otherwise instructed, we will feel at liberty to substitute other similar varieties that are equally as good. When selection of varieties is left to us, we will send the best in our judgment.

THIRD—All orders should be sent in as early as possible, as we endeavor to fill them in the order in which they are received.

FOURTH—All orders from unknown parties must be accompanied by cash, or satisfactory reference.

FIFTH—All orders to be sent C. O. D. must be accompanied by one-half the amount of bill. Money may be sent by express, draft or money order, at our risk.

SIXTH—All trees and plants are carefully labeled, graded and packed for shipment in the best possible manner, for which a reasonable charge, sufficient to cover the cost of material only, shall be charged, but we make no charge for delivering to the railroad or express office at Sacramento.

SEVENTH—Orders should be written plainly on a separate sheet, and not be mixed up in the body of the letter. Give size and price of tree wanted, it will save us trouble, and tend to prevent any mistakes.

EIGHTH—Be particular to give explicit marking and shipping instructions; when the route of shipping is left for us to choose, we will use our best judgment, but in any case our responsibility ceases after delivery to railroad office here in good condition.

NINTH—Any errors in filling orders will be cheerfully rectified on receiving notice, provided such notice be given within ten days from receipt of goods.

Varieties that we have most of are marked thus *

✓ ***Nickajack.** Large, roundish, skin striped with crimson, flesh yellow, sub-acid flavor. November to February. A southern apple.

✓ **Jonathan.** Above medium size, conical shape, red striped, sometimes quite red; a good keeper, especially in the coast counties.

✓ **Hoover.** A large deep red apple, good flavor, good bearer and fine keeper, one of the best. November to March. Does splendidly near the coast.

✓ **Twenty-Ounce Pippin.** A very large conical shaped apple, covered with dull red stripes, has a fine crisp, sub-acid flavor, will cook well when only half grown, a very profitable market kind, tree a strong vigorous grower with upright habit.

Crab Apples.

✓ **Yellow Siberian.** Fruit about an inch in diameter, fine rich yellow; good for jelly.

✓ **Transcendent.** A beautiful variety of large size, yellow flesh, with red cheek; very productive.

✓ **Hyslop.** A large beautiful red crab, one of the best.

Special Varieties.

✓ **The Violet.** This is a new apple raised by J. W. Violet of Ione. It is one of the largest apples grown, averaging nearly as large as the Gloria Monda; conical shape, a beautiful red nearly all over, solid, firm and crisp, good flavor, fine shipper. September to January. Tree strong grower, with upright habit; bark, on new wood, smooth, glossy and light, chestnut color, leaves quite peculiar—a rich glossy green. 25 cents each. \$15 per 100.

PEARS.

We do not propagate a long list of pears. Our experience has been that only a few of leading varieties

are the most profitable. The following list includes most of the kinds that have proven valuable.

✓ **Beurre Boss.** Large, long russet pear, good flavor and good shipper, one of the very best. October to April.

✓ **Winter Seckel.** Above the medium size, shaped much like the Bartlett, and nearly as large, color and flavor much like the Fall Seckel, long keeper, good shipper.

✓ **P. Barry.** A California seedling, originated by the late B. S. Fox, of San Jose; a very large elongated russet pear, quite late, and a long keeper, can be

kept till March. An excellent pear for Eastern shipping, fine texture and excellent flavor when fully ripe.

✓ **Santa Ana** A new pear, originated at Santa Ana, in Los Angeles County. It is a large conical shaped pear, a bright golden yellow, covered with russet; it is an exceedingly handsome fruit, flesh fine grained and free from all woody substance, with a flavor equal to the finest Winter Nelis or the famous Seckel; it will eat well when picked from the tree, and yet will keep all Winter.

PEACHES.

In order to secure healthy and vigorous trees it is necessary to prune severely. Their tendency in this State is to develop an immense number of fruit buds, and as they are not destroyed by frost, they produce more fruit than the tree can mature. The consequence is that it is small and inferior. The tree should be trained low and pruned regularly every year. By this practice the breaking of limbs is avoided, and the fruit grows much larger and finer.

We have the largest and finest stock of peaches on the Coast.

✓ ***Foster.** Very large yellow peach, red cheek, bears well. Ripens about the same time as Early Crawford.

✓ ***Early Crawford.** A magnificent large yellow peach, heavy bearer, one of the best for shipping and all purposes. Ripens last of June.

✓ ***Late Crawford.** Much the same as Early Crawford, but ripening two weeks later.

✓ ***Wheatland.** A large yellow free, bright red cheek, ripening a little later than Late Crawford; one of our most popular peaches.

✓ ***Jones' Seedling.** Origin, Sacramento; large, yellow flesh, with red cheek, excellent flavor. 10th of August.

✓ ***Susquehanna.** Very large yellow peach, red cheek, of best quality; July. Ripens August 1st.

✓ **Keyport White.** A large white peach, with red cheek, good for shipping, canning or drying. Last of August.

✓ **Ward's Late Free.** Large white flesh peach, good for canning. September.

✓ ***Salway.** Large yellow peach, dull red cheek, good flavor, superior market variety. 1st of September.

✓ ***Bilyeu's Late October.** Large white flesh, red cheek, very fine flavor, good shipper. Ripens 20th of October; tree strong grower, doesn't curl, freestone, does best in foot-hills.

✓ **Wager.** Almost a facsimile of the Muir, and supposed by some to be the same.

✓ ***Stilson** (California Seedling.) A very large yellow fleshed peach, bright red cheeks, with dark crimson stripes, one of the very best market sorts. Ripens two weeks later than the Late Crawford.

✓ ***Lovell.** Well recommended.

Clingstone.

✓ ***Day's Yellow Cling.** (California Seedling.) A very large, yellow flesh, with red cheek, good market variety. August.

✓ ***Orange Cling.** A very large, yellow flesh, with red cheek, a well-known variety. August.

✓ ***Heath Cling.** Large, white flesh, superior flavor. 1st of September.

✓ ***George's Late Cling.** (California Seedling.) Very large, white flesh, with bright red cheek, superior quality. September.

✓ ***Lemon Cling.** Large, yellow, with bright red cheek, a fine market peach, good shipper.

✓ ***Albright Cling.** (California Seedling.) A very large yellow peach, with bright red cheek, a fine shipper and good peach in every particular.

✓ ***Tuscan Cling.** A very large yellow cling, ripens same time as Early Crawford, a fine shipper, and its early ripening makes it very valuable.

✓ ***Winter's Cling.** (A seedling from the Heath Cling. It possesses all of the excellent qualities of the Heath, is larger, color a beautiful creamy white, with red blush on exposed side, is white to the pit, and therefore a fine canning peach. It is very solid and a fine shipper.

✓ ***McDevit Cling** (A California seedling raised by Neil McDevit, of Placer County.) This is one of the largest peaches we have ever seen, many of them weighing one pound each; peaches very uniform in size, rich golden yellow, becoming quite red when ripe, flesh very solid and firm, an excellent shipper, superior flavor; tree a good and regular bearer.

Peaches of Recent Introduction.— Special Varieties.

✓ **Wilder Cling.** A new yellow flesh cling, fruit large, uniform, flesh yellow, bright golden cheek, superior flavor, ripens with Salway; tree strong vigorous grower, bears regular, does not curl or mildew.

✓ **Levi Cling.** A large yellow cling, bright red cheek, resembles the McDevit, one of the best shipping varieties. Its time of ripening (after Salway is gone), makes it very valuable.

✓ **Barton Cling.** New seedling from Placer County; a very large bright yellow cling, flesh crispy, juicy; ripens about the 15th of September; the finest peach

of its season; tree strong grower, and does not curl or mildew. Price 25 cents each, \$20 per hundred.

Blood Free. Large fancy peach, flesh blood red, very fine for preserving. Price 25 cents each

Elberta. The best of all freestones; fruit very large and highly colored, flesh yellow, of superior flavor; one of the best for shipping and drying. Price 25 cents each, \$20 per 100.

Routier's Peach Apricot. A new kind from Mr. Routier's orchard; large size, skin yellow in shade, deep orange mottled, or splashed with red in the sun, flesh rich and juicy, very high flavor; good market variety.

Early Royal. Medium size, good color, very productive; a favorite for canning and drying.

Hemskirk. Very much like the Moorpark; one of the best; tree good bearer.

Blenheim A good early variety, above medium, oval, orange with deep yellow, juicy and tolerably rich flesh, vigorous grower and a regular prolific bearer. Ripens with the Royal.

Moorpark. Large, orange color, moderate early bearer, but of the highest flavor.

Newcastle Early. A new variety originated by M.

C. Silva & Son, of Newcastle, California. Medium size, round, well shaped, a shade smaller than the Royal; two weeks earlier than the Royal; very valuable on account of its earliness; tree a good and regular bearer; fruit ships well.

✓ **Vestal's Late.** A seedling of the Moorpark, which it closely resembles, a good and regular bearer; the best apricot for drying and canning.

✓ **Peach Plum.** Fruit very large, round, greenish white with red cheek; flesh yellow, sweet and firm; early; good for shipping.

✓ ***Columbia.** Fruit large size; skin brownish purple, with fawn-colored specks; flesh yellow, sugary, excellent; one of the best for shipping.

✓ **Duane's Purple.** Large, reddish purple; flesh juicy and moderately sweet; good shipper.

✓ **Victoria** (or Oakshade Prune). Medium size, beautiful red plum; good shipper, and superior for drying, being very free and quite a dry meated plum; very prolific.

✓ **Coe's Golden Drop.** Fruit large, oval, flesh yellow, firm, rich and sweet; adheres to stone; good for canning and ships well.

✓ ***Gros Prune d'Agen** (Hungarian Prune). Very large, oval, violet red; very prolific, often growing double; good flavor; a valuable market kind; best shipper.

✓ **Yellow Egg.** A very large elongated plum; golden yellow; adheres to stone; quite juicy, rich sub-acid flavor; the best known canning variety and ships well.

✓ **Washington.** Large, round, greenish yellow, good for canning or drying.

✓ **Kelsey's Japan Plum.** Fruit very large, as large as an ordinary peach; roundish, or inclined to be conical; color greenish yellow, with faint red cheek; adheres closely to the pit, which is very small; flesh firm and juicy; it is the best keeper known.

✓ ***Silver Prune** (originated in Oregon). The fruit is a fac-simile of Coe's Golden Drop, except it is a darker green.

✓ **Prunis Simoni.** Quite large, somewhat elongated, bright yellow, red cheek; very fine fruit, good for shipping or drying; tree a strong grower; bears heavily.

✓ **German Prune.** A large purple prune, flesh greenish yellow, very sweet, always brings fancy prices as a fresh fruit; it is a good shipper and makes an excellent dried prune; tree a strong grower and a good and regular bearer.

Prunes.

✓ ***Petit Prune d'Agen** (French Prunes). The most popular drying prune, small, reddish purple, very sweet, and takes the lead as a drying prune.

✓ ***Bulgarian Prunes.** A very prolific, dark colored prune, larger than the French Prune, and by some considered a very valuable prune, but we have not yet tested it sufficiently to judge of its value.

✓ ***Prune d'Agen** (or Prune d'Ent). Very like the Petit or French Prune, only larger and more desirable. It will not grow on peach root, but must be grown on Myrobolan.

✓ ***Tragedy Prune.** A new prune originated by Mr. Runyon, near Courtland, in this county. It would seem to be a cross between the German Prune and Purple Duane. Fruit medium size, nearly as large as the Duane Purple Plum; looks like it, only it is more elongated; skin dark purple, flesh yellowish green, very rich and sweet, frees readily from the pit. Its early ripening (in June) makes it very valuable as a shipping fruit. Coming as it does before any other good plum, it will always bring fancy prices, both in the local and Eastern market. So far it has no rival.

Wilson's Early. Fruit large, productive and early.

Dorchester. A fine sweet berry.

Kittatinny. Good market variety; large and good flavor.

Lawton. Good market variety for this locality; large and late.

Crandall's Early. This berry was brought from Texas some years ago, and planted on the place of Dr. S. R. Crandall, of Auburn, Placer County. (The origin of this berry is not known to us). Here it was discovered that it was not only an excellent berry and prolific bearer, but was also found to ripen three weeks earlier than the Lawton, and continues to blossom and bear fruit until late in the Fall. We have often picked good, ripe, well developed berries as late as the last days of December. The wood of the vine is light colored, resembling the Wilson's Early, but is a much stronger grower. The berry is as large as the Lawton, fine flavor, firm and solid. It is an excellent shipper.

RASPBERRIES.

PRICE...5 cents each | \$3..per 100 | \$15..per 1,000

Hansel. Medium size berry, very early and firm; ships well.

Barter. We have cultivated all of the leading varieties, and do not hesitate to recommend the Barter as being the finest and most profitable berry we have ever seen: it is a very large, bright red berry, bears very heavy crops, and frees easily from the stem; a splendid shipper, and has brought the highest price of any berry we ever handled.

Herstine. Fine large market berry.

ORNAMENTAL DEPARTMENT.

Our limited space will not admit of a full description of every shrub or flower, neither can we give the exact price for each particular size and style of plant.

They vary so much in size, shape and condition that a minute description would occupy too much space, but we can guarantee satisfaction if you will, in ordering articles where the price ranges from one figure to another, simply give the price you wish to pay, and we will send articles to correspond with the price given.

We do not grow greenhouse plants, but carry them in stock during the selling season, and can furnish anything in that line at regular florists' prices; so we can fill orders for anything in that line though it may not be named in the catalogue. In the item of roses we can furnish over 100 varieties.

TO OUR PATRONS :

We trust that our readers may have found something of interest in the foregoing pages, and that we may be favored with your orders.

We shall conduct this nursery in the future in a fair manner to all, and will fully sustain the well earned reputation of this old and reliable nursery.

We cordially invite inspection of our stock at the nursery sales yard, next to the Passenger Depot. We have an extra large and fine stock of trees, and intend to sell them at lowest market prices.

Our readers will doubtless notice that in the part of our Catalogue regarding Ornamental Trees, Plants and Flowers, the description devoted thereto is very limited and brief, simply because it would require more space than we had. We carry a large stock of ornamental trees and plants ourselves, and are agents for one of the largest conservatories in Sacramento, and can furnish anything in the ornamental line at as low a price as they can be secured from any one in the State. Anything in the tree or plant line that you are in need of and is not quoted in the Catalogue, we will endeavor to secure for you.
